SARA'S TEST CORRECTIONS

- ❖ Sara aint very smart
- ❖ Working with the person next to you
- ❖ I have provided you with her answers
 - Give her rational (how she got the question wrong)
 - i.e. She calculated AVC when she was supposed to calculate ATC
 - Or tell/show why she's wrong
- ❖ Then give the correct answer and your rational/work
- ❖ Once you finish, check your answers on GC
- ❖ And work on your nuts and bolts sheet

NUTS AND BOLTS

- ❖ Complete as much as you can independently, without using your notes
- ❖ Then you may get help if you need it
- ❖ Understanding these “nuts and bolts” will not guarantee success on the test, rather it should help you identify the skills and concepts necessary to think critically and perform well on your test

CLOSURE

THE ECONOMICS OF FLYING

- ❖ Go to Google Classroom and complete the assignments **“The Economics of Flying”**
 - Read the article and answer the questions on Google Classroom
- ❖ Be ready to talk about this
- ❖ ~15 minutes
- ❖ If you finish early work on the nuts and bolts handout in preparation for your test Friday
